Mark C. Hanson.

The casualty lists of the last two days have included several men who went into service through the drive made by Capt. E. W. Gibson last February.

Mark C. Hanson, who is listed as of Starksburg, volunteered from Montpelier, according to the records forwarded by Captain Gibson, and went to Camp Greene, where he was assigned to a regiment. He was wounded in France.

Rupert Blow.

Rupert Blow of Grand Isle enlisted in the same drive and went to the same camp, where he was assigned to a regi-

WHEN A FAMILY NEEDS A FRIEND

In the Absence of Doctors Nobly Gone to War, After Influenza, the Grip,—

those wonderfully useful medicines, Hood's Sarsaparilla, Pepton and Hood's Pills—comprising the new combination family treatment—are warmly recommended.

If taken regularly, Hood's Sarsaparilla before meals, Pepton after meals, and Hood's Pills at night as needed, they are reasonably sure to keep a family in health and prove to be reliable and always ready friends. They purify the blood, build up strength and regulate the system.

ment that went to France last summer. He was also wounded.

Holland White.

Holland White, who is mentioned as of Bennington, enlisted from Middlebury, where he registered and apparently was working at the time. However, he volunteered and went to Camp Greene in the same drive, and was wounded in France.

Joseph Granger.

Joseph Granger, listed in Milton, was recorded as living in Winook, when he volunteered and went to Camp Greene, where he was assigned to Company I, 58th infantry. He was wounded in France.

William McNamara.

William McNamara of St. Johnsbury, who is mentioned in the casualty list as missing in action, is a son of James McNamara of Charlestown. He was employed at St. Johnsbury when he enlisted in Company D, 1st Vermont, in March, 1917, and went with the company to Fort Ethan Allen, where he was transferred to the 103d infantry and went to France.

Allen Pitkin.

Allen Pitkin of Quebec, mentioned as wounded, is a selective service man who went to Camp Devens in September, 1917, and was assigned to battery B, 302d field artillery, with which he went to France.

Mansur Kerwin.

Mansur Kerwin, mentioned as of Willoughby Lake, was employed in St. Johnsbury last spring when he volunteered and went to Camp Greene and was assigned there to Company G, 58th infantry, with which he went to France in the summer. He is wounded.

Edmund Blanchard.

Edmund Blanchard of Duxbury is a son of Mrs. Mary J. Blanchard of North Duxbury. He was a former member of Company H, which was recruited in Montpelier and at the fort was transferred to the 101st ammunition train. He was killed in action Oct. 30, according to the reports.

CAPT. H. D. GIBSON'S CITATION.

Was for Bravery and Efficiency in Attack on June 6.

The following is the citation for bravery which H. D. Gibson of Montpelier received in general orders, No. 40: "First Lieutenant Herbert D. Gibson, 1st battalion, adjutant 23d infantry, who showed unhesitating bravery and devotion to duty during the attack of June 6, rushing in front of the firing line, reorganizing and changing its direction, toward the proper objective, in the face of artillery and machine gun barrage. This on the 6th of June, 1918."

He has since been promoted to captain. He enlisted from Northfield, where he was employed at the time. He first went to a training school in New York and went overseas early in the year. Mrs. H. D. Gibson, formerly Nancy Puffer of Montpelier, recently received the citation from the war department.

ONLY TWO WEEKS LEFT FOR W. S. S. PURCHASE

Vermont Is Still Far from the Quota Which the Government Expected of the State—Actual Money Investment Up to Dec. 7 Was \$4,501,611.96.

Up to Dec. 7 Vermont had purchased four and one-half millions to be exact, \$4,501,611.96—of U. S. war savings stamps, with Caledonia county leading in the per capita sales of \$14.58 and Rutland county ahead in the aggregate purchase of \$634,825.31. Vermont is still a long way from the quota set by the government, the per capita for the state being \$12.66. The maturity value of Vermont's is, however, considerably above \$5,000,000.

This situation means that Vermonters, whether or not they have pledged to buy the stamps, must make a desperate effort between now and the 31st day of December. The matter of state pride, let alone the consideration of patriotism, demands that we Vermonters strain our resources to the utmost in order to reach the top. Shall Vermont maintain her proud position in all war endeavors, or shall we confess failure in this single campaign in which we are not asked to give anything but rather to invest our money at a handsome rate of interest and with the United States government back of the investment.

It is true that actual warfare has ceased and there would seem to be reason for a let-down in our assistance to the government; but, as a matter of fact, the government is depending upon the estimated income from these war stamps. It isn't time to stop buying W. S. S. till the clock strikes midnight on the night of Dec. 31. Therefore, go to the post-office, the banks or to the other recognized agencies and purchase every stamp you are able to buy. Mobilize your patriotism for this last government drive of the year. Let's be up with the other live states of the union.

The Methodist Temperance Board Makes Prediction on National Prohibition

Washington, D. C., Dec. 18.—Ratification of the prohibition amendment to the federal constitution by the necessary three-fourths of the states by next Feb. 1, is predicted in a survey of the prohibition situation made public to-day by the board of temperance, prohibition and public morals of the Methodist Episcopal church. Fifteen states have approved the amendment and the board declares that 30 other states, the legislatures of which will meet next month, will vote favorably on the proposal for nationwide prohibition.

The board declared that Connecticut and Vermont will ratify the amendment at the coming legislative session. Pennsylvania is classed as "hopeful," and New York "an even proposition," and New Jersey "probably opposed."

application for a poolroom license, to be operated in the south end, was referred to the license committee. A. W. Badger & Co. submitted a bill for \$25 for five ambulance calls, which evoked from Alderman Rizzi the comment that another concern, in presenting a bill for ambulance service, charged only \$3 a trip. HAS VETERAN TEAM.

Manager Mitchell of Chicago Cubs to Start Season Auspiciously.

Chicago, Dec. 18.—The roster for the coming season of the Chicago National league team has been so far completed that it was said to-day at the club's headquarters Manager Mitchell would probably enter the pennant race with the same players he had at the close of last season, with the addition of Grover Cleveland Alexander, star pitcher.

Thirteen of the Cub players now are in the United States service, but the management expects that nearly all of them will be discharged before the opening of the baseball season.

Unless Manager Mitchell makes some trades, it was said, the line-up at the start is likely to be:

Alexander, pitcher; Killifer, catcher; Merkle, first base; Kilduff, second base; Hollocher, shortstop; Pic, third base; Plack, rightfield; Paskert, centerfield; Mann, leftfield.

Vaughn, Douglas, Tyler and several more pitchers probably will be on the bench besides infielders Deal, Zeider, Wortman and McCabe.
